

SYSPRO Cloud Readiness Checklist

Migrating to the cloud is a strategic decision that can enhance business agility, scalability, and efficiency. To ensure a smooth transition, use this checklist to assess your organisation's cloud readiness and identify key considerations before moving to SYSPRO's Cloud environment.

Cloud Platform Selection

1. Strategic Alignment with SYSPRO Cloud

- Does moving to SYSPRO's Cloud align with your long-term business objectives? ☐
- Have you evaluated how SYSPRO's Cloud solutions meet your industry-specific needs? ☐
- Have key stakeholders been consulted to ensure alignment with company goals? ☐

2. Technical Readiness for SYSPRO Cloud

- Have you assessed your current IT infrastructure for cloud compatibility? ☐
- Are there any interoperability challenges with existing systems that need resolution? ☐
- Have you reviewed SYSPRO's system requirements for cloud deployment? ☐

3. Compliance & Security Considerations

- Do you understand your industry's compliance requirements and how SYSPRO Cloud meets them? ☐
- Have you evaluated SYSPRO's security policies, encryption standards, and data governance measures? ☐
- Do you need additional security controls, such as multi-factor authentication or user access restrictions? ☐

4. Financial & Cost Analysis

- Have you compared the costs of on-premise vs. SYSPRO Cloud solutions, including infrastructure, maintenance, and support? ☐
- Does your financial model account for the cloud's scalability and operational flexibility? ☐
- Have you identified potential cost savings from reduced hardware investments and IT overhead? ☐

5. Operational Impact & Business Continuity

- How will cloud migration affect day-to-day operations and business processes? ☐
- Have you identified potential operational disruptions and planned mitigation strategies? ☐
- Do you have a clear roadmap for transitioning key business functions to the cloud? ☐

6. Skills & Training for Cloud Adoption

- Have you assessed your team's cloud knowledge and identified skill gaps? ☐
- Do you have a training plan to upskill employees on SYSPRO cloud solutions? ☐
- Will you require additional support from SYSPRO's Cloud experts? ☐

7. Data Migration & Backup Strategy

- Do you have a secure and structured data migration plan? ☐
- Have you considered data backup and disaster recovery processes? ☐
- Are your data integrity and validation checks in place post-migration? ☐

8. Risk Management & Governance

- Have you conducted a risk assessment for cloud migration, focusing on security, compliance, and continuity? ☐
- Do you have a strategy for mitigating identified risks? ☐
- Have you defined governance policies for cloud usage and administration? ☐

9. Change Management & Communication

- Is a structured change management plan in place to support cloud adoption? ☐
- Have employees been informed about the migration timeline and benefits? ☐
- Are internal communication and training strategies aligned with the transition process? ☐

10. Ongoing Support & Continuous Improvement

- Have you established a post-migration support plan with SYSPRO? ☐
- Are there opportunities to optimize and innovate using cloud-based capabilities? ☐
- Have you set KPIs to measure success and track ROI from the cloud transition? ☐

Assess Your Readiness

If you checked most boxes, your business is well-prepared for cloud migration. If not, SYSPRO is here to help you close the gaps. Contact us for a personalized cloud readiness assessment and expert guidance on your journey to the cloud.
